EDUCATION

University of Batangas — Lipa City 2022 – 2026
Bachelor of Science in Information Technology — Magna Cum Laude July 2026
Affiliations: Brahman Integrated Computing Society — 4th Year Class Representative (2025–2026); 3rd Year Class Representative (2024–2025).

La Consolacion College Tanauan 2020 – 2022
Senior High School, STEM Strand — With Honors

EXPERIENCE

e-Konek Pilipinas, Inc. (Aseana City, Paranaque) March – May 2026
Information Technology Intern — Business Analysis, Quality Assurance & UI/UX Design

- Completed an 11-week on-site rotation across business analysis, QA, and UI/UX design in an Agile environment supporting enterprise systems for the Clark Development Corporation (CDC) and Subic Bay Metropolitan Authority (SBMA).
- Executed UAT test cases and queried the Oracle UAT database via SQL to validate system logic and backend data integrity for the CDC PBIPBO Tax-Exempt Vehicle module.
- Designed UI/UX screens and built a shared Figma component library for three enterprise platforms — the SBMA Intrazone System, FAB eCAI system, and SBMA E-Liquidation module — and managed tasks through ClickUp sprint cycles, delivering all milestones on schedule.

PROJECTS

UBelong: A Smart Career Path Recommendation Tool 2025 – 2026
Project Lead, UI/UX Design, Front-End Development

- Best Thesis/1st Place and Best Presenter (CITEC 2nd Research Forum 2026); Best Web-App Category and Best Presenter (BSIT Capstone Final Defense).
- Built an AI-assisted (ML) capstone web application helping senior high school and incoming college students identify suitable university programs through guided interest, strengths, and career-goal assessments.
- Stack: HTML5, Tailwind CSS, JavaScript, Three.js, Python, PyTorch, FlaskAPI, Firebase

Project Libby 2025
Project Lead, Back-End Development

- Developed an AI-driven library chatbot and automation system enabling book search, availability checks, and information requests, using n8n workflow automation.
- Stack: HTML, CSS, Firebase, n8n.
